# Looking to stand out as an investor and make great return with impact?

---

Firstly, The Silicon Valley's investors Bootcamp is designed to empower Angels Investors and Seed fund managers. They to acquire actionable knowledge to perform early stage investment in their local startup ecosystem.

After that, our five day program will provide them with the opportunity to learn Silicon Valley investment best practices and methodologies based on real investment cases and offer unique networking opportunities with local investors and entrepreneurs.

# OUR METHODOLOGY:

## INSPIRE

Get inspired by visits, experts and speakers.

## ACQUIRE

knowledge and network through workshops and meetings.

## ACTIVATE

Your experience and Silicon Valley connections.

1

Learn directly from active and experienced investors (VC/angels and founders) from Silicon Valley

2

Build and get feedback on your own investment thesis

3

Put your investment thesis into practice by screening real startups pitches and get feedback from local investors

4

Start to build your Silicon Valley network of founders and investors

# WHICH INDUSTRY ARE YOU BUILDING THE FUTURE OF?

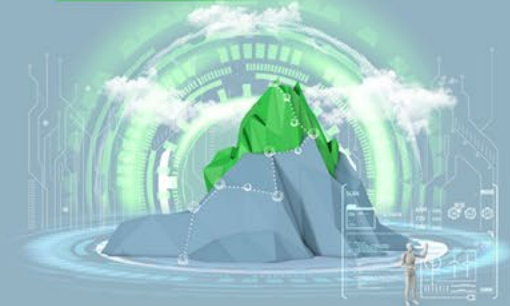

## FINTECH

## HEALTHTECH

## GREENTECH

## CANNABISTECH

## FOODTECH

## MORE INDUSTRIES COMING SOON

We are designing industry focus programs to increase the power of innovation.

## KEY ELEMENTS:

### MEET EXPERTS

Meet with Silicon Valley investors, angels and venture capitalists and experts to gain an introduction and insight into the unique Silicon Valley investment landscape

### VISIT ACCELERATORS

Visit a Silicon Valley accelerator and participate in a roundtable discussion on their startup selection and coaching methodologies

### NETWORKING

Build relationships with industry insiders and key players in the startup world to develop your own Silicon Valley network

### PITCH EVENT

Take part in a pitch event with real Silicon Valley early stage startups and hear feedback from investors

A Falcon Heavy rocket is shown in the process of launching, ascending vertically with a large plume of white smoke and fire at its base. The rocket is positioned in the center-left of the frame. In the background, a large, white, industrial building with the SpaceX logo and an American flag is visible on the right. A water tower with the word 'SPACE' on it is also visible in the background. The sky is a deep blue.

## WHAT EXPECT:

---

**This program offers in-depth knowledge for traditional angel/seed investors to transform a risk-averse mindset to a more risk-embracing reality.**

# How do Silicon Valley's top investors identify startups with high potential in the early stage?

## YOU WILL LEARN FROM SILICON VALLEY INVESTMENT EXPERTS:

- How to develop a winning investment thesis
  - Key strategies for building a balanced investment portfolio
  - Present and receive feedback on your investment thesis and portfolio strategy
  - How to project your fund returns
  - De-risking approach through multi-stage financing
  - How to build a syndicate: finding and selecting other investors
  - How successful funds/investors attract deal flow
  - Which startup business models work best and which tend to fail
  - What are the key questions one should always ask founders
  - How to identify red flags or problems with a startup you are considering for investment
  - Your future relationship with the founders: how to ensure that you are on the same page and have the same expectations
  - Beyond the business plan: what to look for in a good founding team
  - How to evaluate the market and tell if there is a product-market fit
  - Valuation and due diligence checklist: what to take into account
  - Structuring the deal and understanding cap tables and ownership
  - Post-investment relationship: what the founders want and need from their investors (mentoring / advisory)
-
